

OSLO DIGITAL CINEMA CONFERENCE

Norwegian Film Institute, Dronningens gate 16, Oslo, Norway
May 5th and 6th 2006

Dear IMAGO Members

IMAGO is arranging a Digital Cinema Conference, which will focus on all aspects of the digital future for Cinematographers.

The Conference will be held in Oslo, on May 5th and 6th.

IMAGO will cover Conference entrance fee and hotel expenses for two members from each National Society for two nights. Lunch is included both days.

If more than two persons from each Society would like to attend the Conference, we would be delighted, and we will be able to help find reduced price hotel alternatives in Oslo, and also reduced price entrance fee to the Conference for IMAGO members.

The demand for seats at this conference is high, and because of the high cost and necessary financing of the Conference, the IMAGO Board can only reserve a limited number of seats for IMAGO members, and we can only hold seats until April 5th.

It is therefore important that information about the Conference is sent out to your National Society members very quickly, in case other individual members of your Society would like to attend.

We will see that the reserved seats for IMAGO are kept until WEDNESDAY APRIL 5th.

We are planning an IMAGO lunch and meeting, and also sightseeing around Oslo on Sunday May 7th, so we would be very happy if you could plan your return Sunday afternoon/evening at the earliest.

Please see the enclosed Conference Programme.
(It might still come minor changes to this programme)

If there are questions, please call or mail Paul René Roestad,
IMAGO General Secretary, at +47 9209 1400, or mail laterna@laterna.no
All registration of attendance should be mailed to laterna@laterna.no

With hopes of seeing you in Oslo,
Paul René Roestad
On behalf of the IMAGO Board
